Message from the Editor

Dear Readers,

As we prepare to welcome in the new year of the Fire Monkey, I can't help but note that there seems to be tougher times ahead of us economically. We have also witnessed a great deal of violence and tragedy in the world, with the possibility of more to come.

The only comfort in times of difficulty, although it may be a cold comfort, is the knowledge that we always have a choice – our Man Luck. Will we look for the silver lining, and the opportunities in a slower economy? And will we choose love, kindness and compassion over anger and hatred? Ultimately, our world is in our hands, shaped by the daily choices of our days.

May we all have the wisdom to make the better choice in the year ahead.

*Lots of Love,
Eu Geen*

Overview

Those born in the year of the Monkey will need to keep their wits about them to get through 2016. The 太歲 Grand Duke resides in the Monkey Zodiac this year. Those born in the year of the Monkey are likely to have a less than satisfying year with obstacles and delays in plans due to the influences of many inauspicious stars.

The presence of inauspicious stars such as 流霞 Cascading Cloud and 劍鋒 Sword Edge Star indicates injury and accidents that lead to loss of wealth.

The 指背 Back Poking star denotes the presence of many petty people who are jealous of the Monkey's success and who will not hesitate to sabotage and back stab Monkey people if they see the situation favouring them. With the 地煞 Earth Sha and 劍鋒 Sword Edge Star influences, the Monkey will easily succumb to depression and negativity due to other people's pettiness.

Luckily the 文昌 Intelligent Star visits the Monkey sign this year. The star will help you resolve the problems and obstacles that arise. This star helps you to think clearly and rationally. You will be able to overcome any obstacles if you apply a logical approach. The star bodes well for students who are studying and sitting for exams too.

Career and Wealth

Monkey people should favour self-cultivation and development in their career. They should remain neutral in their work and in the opinions they express. The year 2016 will see significant academic progress for the Monkey people. Therefore, this is a good time to pursue further studies and broaden the mind.

The Intelligent Star bodes well for Monkey people who are involved in the education line, research and development, writing and publication.

Relationship

The stars indicate that Monkey people are not in the right frame of mind or mood to pursue a romantic relationship. For the singles, this is not the best time to be involved in any serious relationship. While you may still go out to meet interesting people, take a cautious approach to relationships. Take this year to build friendships instead of romantic relationships.

Safety and Health

Monkey people are not encouraged to attend sad events such as funerals or visit hospitals due to their unstable emotions and weak immune systems. Those with the Monkey sign in their Bazi charts, especially those with the Monkey on the Month and/or Hour Branches, will face a stressful year. You will be prone to headaches and migraines. The 地煞 Earth Sha and 劍鋒 Sword Edge Star further indicate injuries and accidents on the road. Take extra care while traveling away from home

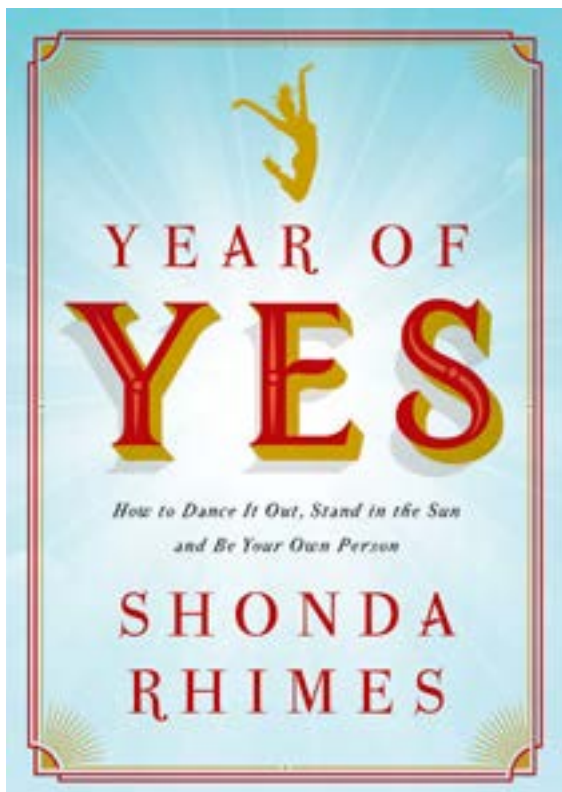

Special Tips

Monkey people should keep a low profile this year. Business people who are Water Day Masters have higher chances of losing money due to overstocking. Competition is high in the business environment too.

Those who have the Monkey sign on the Month Branch should be more diplomatic this year when dealing with people. Keep a low profile.

Single people with the Monkey sign on the Day Branch will find that they are more sensitive and prone to pessimism. Focus your energy on the task at hand. Go out to meet more happy people.

If you have a Monkey sign on the Hour Branch, avoid investments especially those of the speculative kind. Study is your best investment in 2016. Use this period to pursue your intellectual development.

Overview

The powerful 太陽 Sun star indicates that men with status and authority will offer you help. With the 桃花 Peach Blossom star, your nobleman has the potential to turn into your romantic partner.

The presence of the inauspicious 破碎 Broken Star indicates unexpected setbacks and obstacles. Do not let this hinder your progress. There will be helpful people to lend you a hand from time to time.

Other inauspicious stars such as 晦氣 Bad Qi and 天空 Sky Emptiness indicate that you are prone to feeling lonely. Rooster people tend to view their prospects in 2016 rather pessimistically. Luckily, a positive attitude and mindset will help you overcome this negative feeling easily.

The 的煞 Solid Killing star indicates minor injuries and accidents. The star also indicates potential robberies at home which will lead to loss of wealth, valuables and important documents. This is especially true for Rooster people who are also residing in a house facing or sitting on the North sector with negative features such as pylons or a forked road.

Career and Wealth

Roosters will experience smooth progress in their careers this year. Employees will have opportunities for promotion and a corresponding increase in income. Business people will also see their businesses get more exposure which will lead to greater recognition. This will improve their sales in 2016. This is a year to be opportunistic and to seek outside recognition.

The 太陽 Sun star is especially beneficial for business people and employees working in the solar energy, telecommunication, IT, motivational teaching and metaphysics fields. The presence of the 桃花 Peach Blossom star with the 太陽 Sun star is also beneficial to those

who are involved in sales, marketing, customer service or public relations. The 破碎 Broken Star is good for those who are in the field of mining, demolition and explosives work.

Relationship

This is a good year for romance with the presence of the 桃花 Peach Blossom star. 桃花 Peach Blossom makes you a more likable and attractive person. Single women should socialize more as you have a high chance of meeting someone who is helpful and caring.

Dating couples who are in a long-term relationship should consider marriage this year. If not, there is a chance of break-up due to a third party.

Married Roosters need to jazz-up their marriage. Do something unexpected to surprise your spouse. Do not let daily routine set in and lead to a dull marriage.

Overall, Rooster people will find personal and professional relationships improving with friendlier and helpful people surrounding them.

Safety and Health

Rooster people will go through an emotional roller coaster if they do not control the direction of their thoughts. They are easily stressed out for no reason. This will eventually lead to minor illnesses. The 的煞 Solid Killing star indicates minor injuries and accidents while travelling.

Special Tips

Helping hands abound especially from handsome men. You need only to ask.

Single Ren Water men and women born in the year and month of the Rooster can expect some exciting romantic encounter. Expect competition, especially for men. But this is not a year to back down from challenges.

A Rooster sign on the Month Branch indicates that there is a higher chance of getting a promotion and recognition this year. Income will improve too.

It is especially important to go out and meet more people for those with the Rooster sign on the Day Branch. This will improve and calm your emotions. While alone, control your thoughts and think positive.

If you have a Rooster sign on the Hour Branch, you will receive some good tips for investments. There is opportunity for capital gain on your investment. There is also the possibility of losing money, so tread carefully.

Inauspicious Stars

喪門 Funeral Door
隔角 Separating Edge
天哭 Sky Cry
豹尾 Leopard Tail
地喪 Earth Funeral

Overview

Those born in the year of the Dog need to be patient and stay calm in the year of the Fire Monkey. There are no auspicious stars in 2016 to smooth the path for the Dog. Instead there is a constellation of inauspicious stars ready to make mischief.

The presence of inauspicious stars such as 天哭 Sky Cry, 喪門 Funeral Door and 地喪 Earth Funeral is negative and indicates sad events. Pay extra attention to the health and safety of elderly family members.

Borrow some luck from your Rabbit friends. Meeting and making friends with generous Rabbit people will boost your luck a little. Activating the East 2 sector of your home will also cushion the impact of the bad events. Getting angry and emotionally worked-up will only isolate you further. Do not let your temper and pride get in the way.

Even if you do face some setbacks, do not give up easily. You will find that the journey in 2016 will be a good lesson on how to deal with tough times.

Career and Wealth

The Dog sign will be subjected to many troubles in terms of career and wealth. The good news is that these troubles are manageable. The problems arise from the effect of the inauspicious stars on your emotions. Your irrational and hysterical moods may lead to actions that can easily offend people and also to making the wrong decisions. The key prevention is keeping a calm state and staying focused on important matters. It may be a good idea to start a meditation practice. Bank on your skills and improve your knowledge so that you can ride through the challenges ahead. Hard work will pay off.

There is a danger of losing money through investments and irrational spending. Live within your means and practice good financial planning to ensure stable income.

Relationship

Dog signs do not fare any better in terms of relationships in 2016. Professional and

personal relationships will suffer from your emotional outbursts. While the negative stars bring emotional turmoil, you need to reflect on yourself and look into the real reasons behind your emotional outbursts. Dog people have a tendency to use emotional drama to blackmail others into letting them have their way. Even if you get your way, you will not be happy because your ego and selfishness are restricting you. Friends and family will avoid you if you allow your emotions to run unchecked and constantly fall into bouts of emotional hysteria.

Postpone your search for Mr or Ms Right. Manage your emotions first.

Safety and Health

Overall, your health outlook is stable for 2016. However, Dog people are prone to mood swings and will go through a lot of mental and emotional stress. This will take a toll on their physical health. Learn to let go of what you cannot control. Accept what is and move forward.

Special Tips

The Inauspicious 豹尾 Leopard Tail star indicates loss of wealth, belongings and valuables due to carelessness. Be extra careful and meticulous.

If you have a Dog sign on the Year or Month Branch, you need to be diplomatic while dealing with people. People tend to become petty where you are concerned.

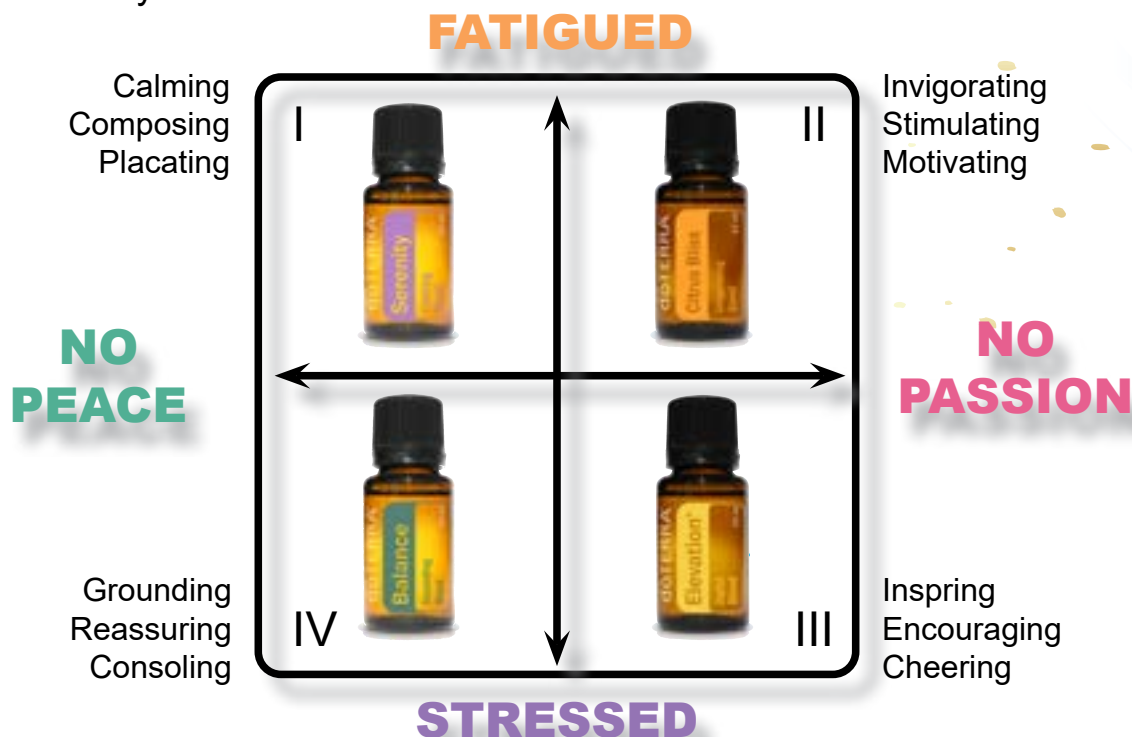

A Dog sign on the Day Branch may indicate emotional turmoil. Find time to relax. Take a trip. Most importantly, be happy and grateful for what you already have.

If you have a Dog sign on the Hour Branch, you should avoid speculative investments. Money is tight this year. Save for rainy days.

Special Tips

Monkey, Rooster and Pig, keep these essential oils on hand as they act as mood savers for those bad days.

It increases discord due to miscommunication. Therefore, be precise and careful with your words when in conversation with others. Make sure that people understand what you mean.

2016 is the year of the Fire Monkey (Bing Shen). This year's energy is filled with strong fire and metal elements. When fire meets with metal, there will be a clash, maybe even an explosion. Thus when the studious Monkey meets Bing Fire, sparks will fly. We can expect the theme of the year to be "exciting, yet frightening". What does this mean?

For Consumers

There is a strong presence of wealth in the environment. This can only mean that governments will adopt an easy monetary

policy in 2016 to stimulate economic growth, especially in the second half of 2016. This is to encourage consumer spending. However, consumers have taken a precautionary stance due to uncertainties in the economy carrying over from 2015. Fear of rising costs may drive them to spend minimally and only on necessities. The clashes in the 2016 Bazi chart indicate a big blow for consumerism and the capitalists that rely on it for growth.

For Businessmen

Unless you are involved in businesses that deal with the forging or molding of metal or

nightlife entertainment, 2016 is not a good year to start a new business. Everything may look beautiful on the outside but in truth, businesses are struggling on the inside.

Businesses are going to be affected by changes in consumer behavior and government policy. In 2016, the natal chart shows an aggressive and challenging business environment. Competition is high. Supply of good and services are even higher while demand is mediocre.

Businesses that sell staple products will be affected by these changes too.

Businesses selling luxury goods and services, especially those aimed at the middle income

group, will continue to feel the pinch. This is the group likely to be hit the hardest, not only by a decline in economic conditions but also changes in technology.

Those in high end luxury businesses that target high income groups are susceptible and affected by cultural changes and adoption of new technologies going on within this income group. Their wealth will also be affected as the financial crisis slowly creeps up on them. They will begin to feel a dent their wallets as a result of the volatile economic conditions.

A company with good cash management will still be king. Companies will most likely look into internal restructuring – to

improve efficiency and reduce costs where necessary. “Restructuring” is the theme for most companies that are struggling. There will be plenty of lay-offs that will continue to hurt consumer purchasing power further in 2016.

Employees

In this environment, employees should brace themselves for a tough year. Employees should focus on improving their skills and knowledge so that they are indispensable in the job market. Only those who deliver results will be retained and rewarded in this competitive environment.

Health

Watch out for waterborne diseases. Infection will commonly occur when bathing, washing, drinking, food preparation, or with the consumption of contaminated food. There is a high possibility that there will be epidemic outbreaks, especially in the summer months of 2016.

Industry

Education and knowledge are still the main priorities. In 2016, people are likely to see technology revolutionize the education sector in terms of the what can be delivered and how it is delivered. Research and development into education, health, power and lifestyle improvements will see much financial support.

Industries expected to benefit in 2016 are IT, agriculture, motivational teaching,

education, advertising and publishing. Industries that will experience mixed fortune are those in the fields of solar power, timers, data storage, fire arms and science. Entertainment and nightlife businesses will see a boost especially in the second half of the year. People in the entertainment line will have their fair share of the limelight.

The trend for property in 2015 will continue in 2016. Property development will slow down. Some properties will see an increase in price due to fewer launches of new developments. Property investors can see their capital gain on paper only. While prices increase, sales of secondhand property will slow down. Investors should look at the long-term when it comes to property investment with rental income. Residential or office rental in the middle income market is expected to be stable.

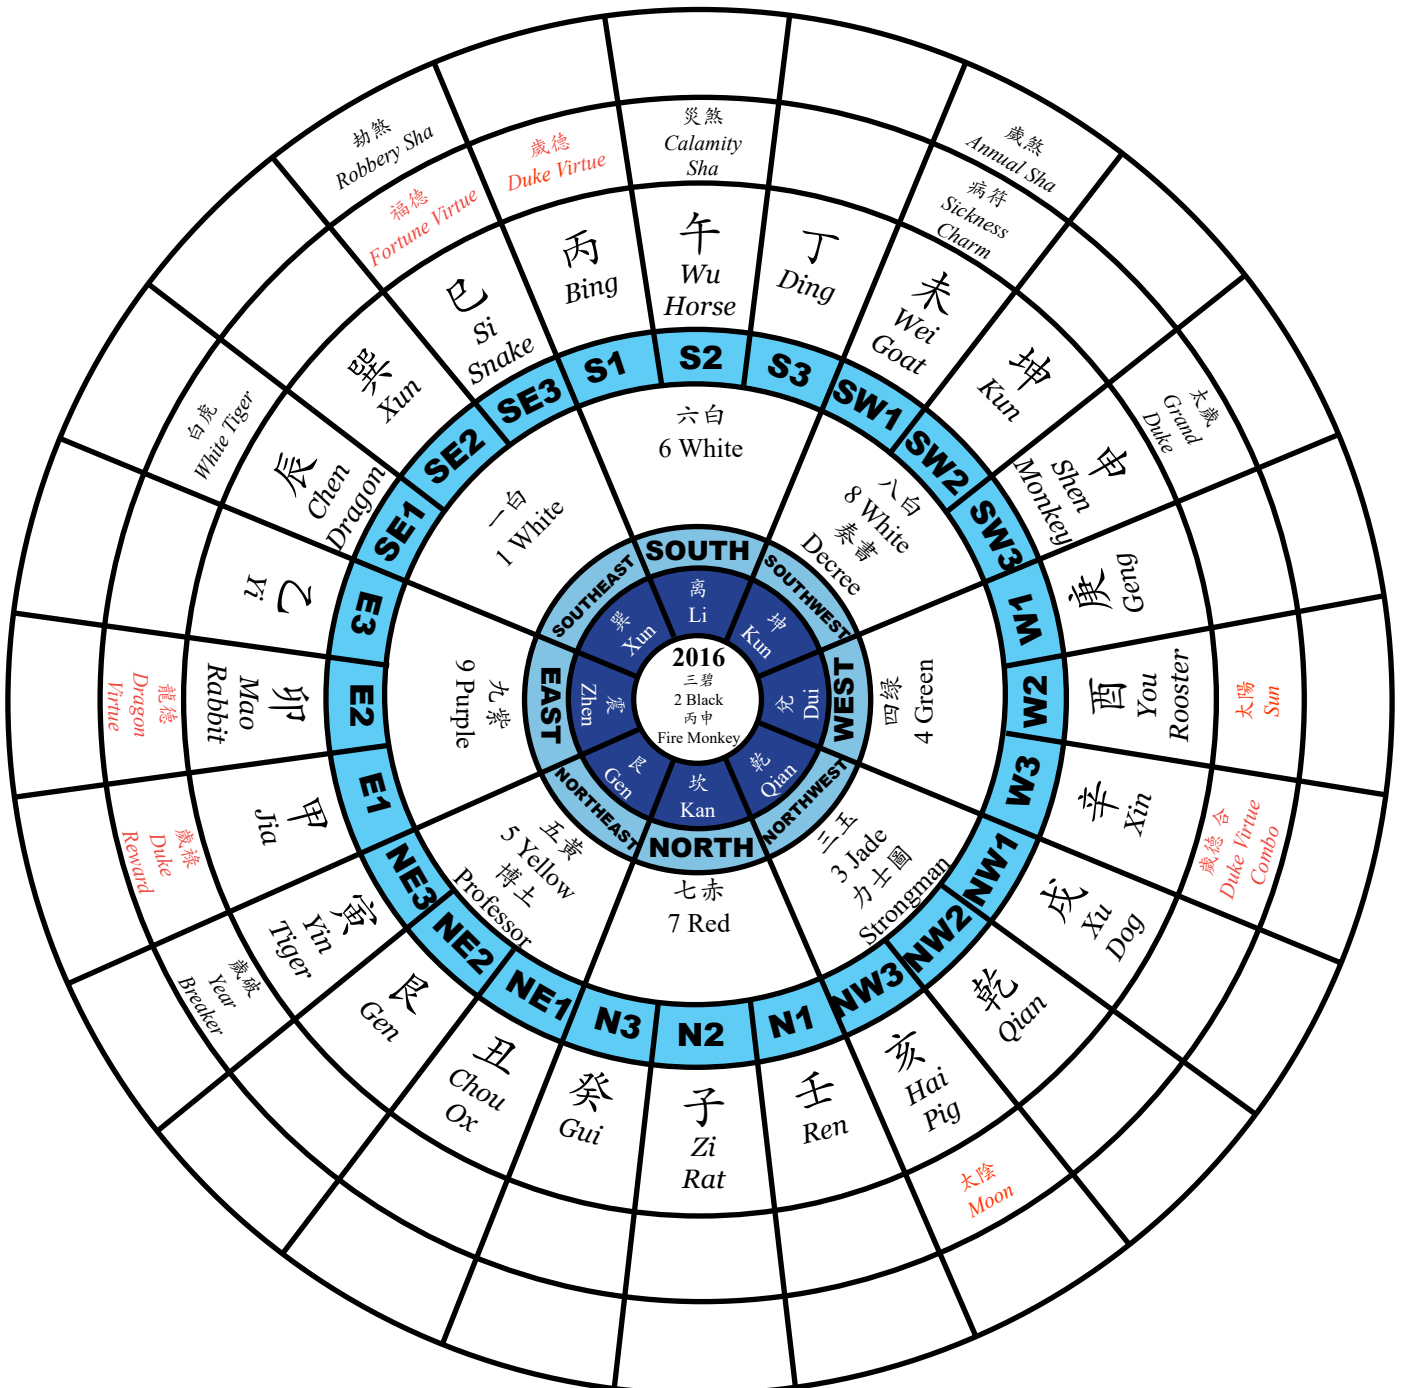

Natural Events

The Fiery Monkey will create catalysts for war, terrorism and bombings. There will be plenty of robberies and kidnapping by pirates taking place in 2016.

There will also be more exposés on family feuds over power, money and inheritances.

Despite the uncertain environment, there will more people tying the knot in the second half of the year. People will be more confident and open to their unconventional sexual orientation.

HARNESSING THE YEAR'S POSITIVE ANNUAL STARS

It's time to check-in on the annual Feng Shui outlook again. In general, people have a tendency to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to the overlapping positive and negative Qi in several sectors. Read on to find out how to tap into these sectors without provoking negative energy such as the Grand Duke, Three

Killings and Five Yellow.

The luopan diagram below shows the location of both positive and negative Feng Shui Auxiliary Stars in 2016.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction

歲德神 Duke Virtue

If you are worried about annual afflictions stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is located in **South 1** in 2016.

However, in 2016 the Duke Virtue location in **South 1** coincides with the Three Killings sectors in South. What to do now? You still can activate the Duke Virtue Sector in 2016 with a little extra care because the actual locations of Three Killings sectors are in Southwest 1, South 2 and Southeast 3.

If you are not confident about locating the exact South 1 direction, anytime after 4 February 2016, you can activate Duke Virtue on a good date on a Bing Fire day at other positive sectors. This is because every Bing day in 2016 contains the Duke Virtue star. Thus you have the protection of Duke Virtue brought in by the Bing Fire day influence instead of Duke Virtue from locational influence.

歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to Duke Virtue, the difference being Duke Virtue is Yang in nature while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage. Duke Virtue Combo can be found in the **West 3** sector of your home.

This is a good sector to activate in 2016 because the sector is further enhanced by the No. 4 Peach Blossom star. With the near vicinity of the Sun star located in the West 2, the West sector brings doubly good effects. Activate the West sector with small water features. Keep this area clear of clutter.

Anytime after 4 February 2016, you can activate Duke Virtue Combo on a good date where it is a Xin Metal day at West 3 sector. This is because every Xin day in 2016 contains the Duke Virtue Combo star. Thus you have the protection of Duke Virtue Combo brought in by the Xin Metal day influence and Duke Virtue Combo from locational influence.

Positive Bank Account Balances

歲祿神 Duke Reward

Wouldn't it be nice if your accounts are in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the **Southeast 3** sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state

of surplus.

At the same instance, Fortune Virtue also resides at the **Southeast 3** sector, bringing in doubly good effects, especially for businessmen.

For those who want to play it safe and avoid the Robbery Sha, anytime after 4 February 2016, you can activate Duke Reward on a good date where it is a Snake day at other positive sectors. This is because every Snake day in 2016 contains the Duke Reward star. Thus you have the good influence of Duke Reward brought in by the Snake day influence instead of Duke Reward from locational influence.

Clearing Obstruction

龙德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in **East 3** sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

The No.9 Purple Star also resides in the East sector bringing peach blossom and investment luck. Therefore, East 2 is a good sector to activate with a small water feature in 2016.

Accidental Remedy

太楊 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall which is also where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or your Duke Virtue sector is missing. Or you may have only gotten around to reading this article now, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating The Sun at **West 2**.

Activate this sector with renovation, groundbreaking, drilling and knocking on the wall. Rearranging furniture in this sector will do too.

Carry out activities such as reading, chit chatting with family or office work in this area to benefit from the influence of The Sun star.

Effective Communication

太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills, but also resolves issues like mis-communication and the ability to talk to the right person. This year the Moon Star is located in **Northwest 3**.

Carrying out activities in this area such as reading, chit chatting with family or office work will help you benefit from the influence of The Moon star.

Do not worry about the Flying 3 Jade Star because The Moon star mellows down the effect of this Bull-Fight Star.

Leave a spacious space for Qi to flow from Southwest, West and Northwest in the new year

which starts on 4 February 2016. Everything will work-out smoothly.

Happiness and Well-being

福德 Fortune Virtue

If you want good health, help from people as well as opportunities, **Southeast 3** is the sector to activate. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness.

The No.1 Nobleman Star at the Southeast sector further enhances the Southeast 3 location bringing doubly positive Qi to this area. Activate with water features or alternatively, leave a spacious space for Qi to flow from the East sector to Southeast sector.

Carrying out activities in this area such as reading, chit chatting with family or office work will help you benefit from the influence of Fortune Virtue star.

Flip through to our calendar to find out when you should activate the stars in their designated sectors.

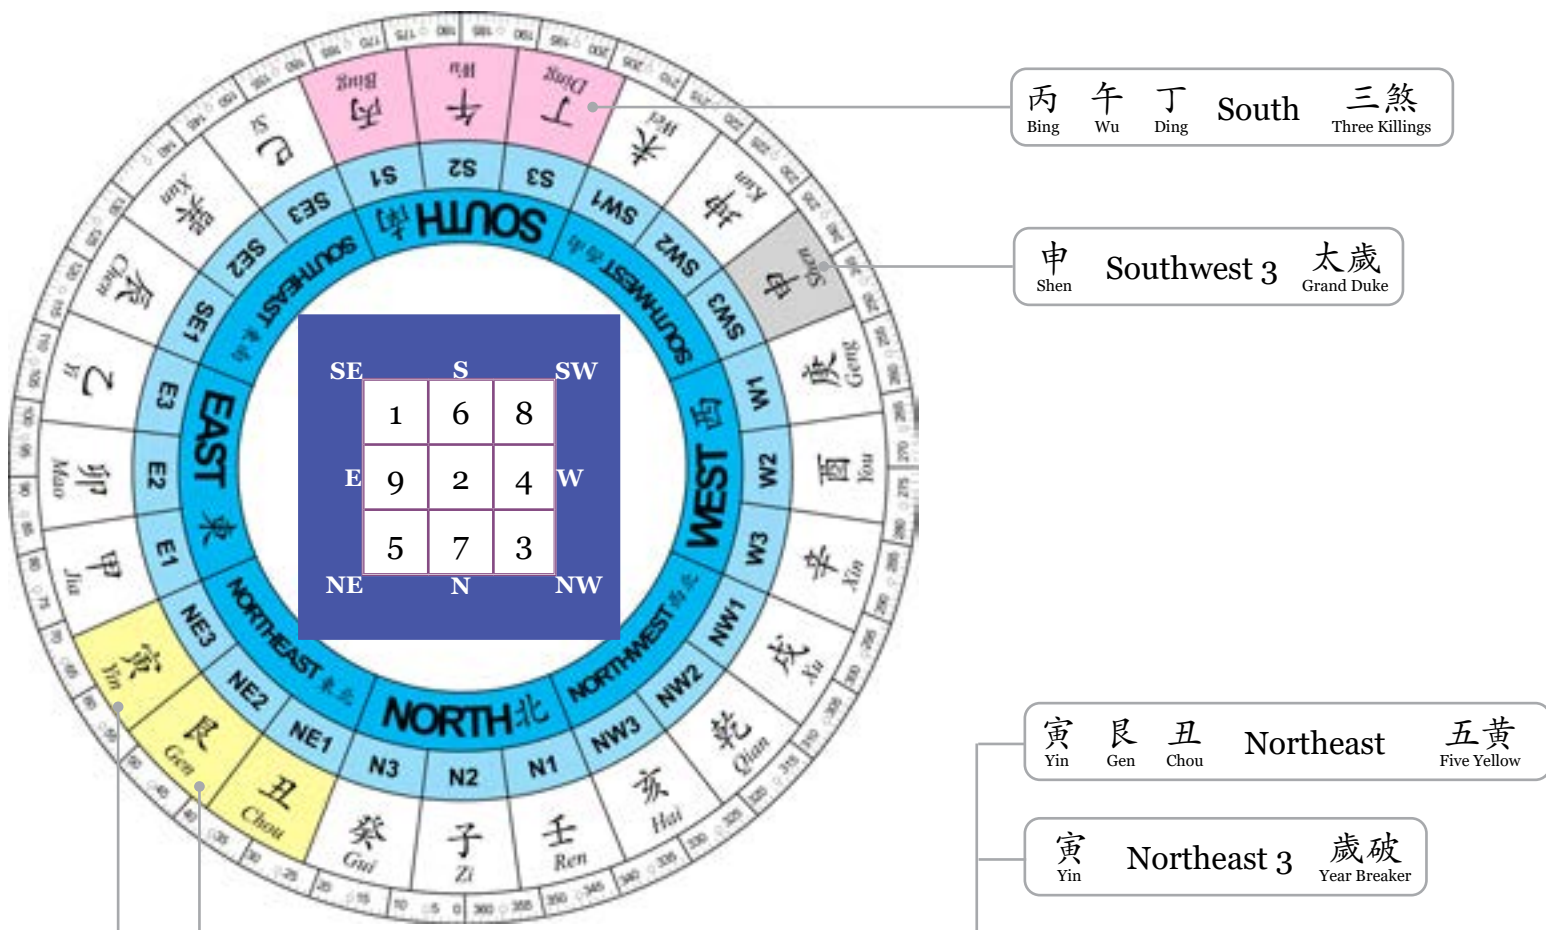

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering what is Feng Shui activation. How do I actually activate a sector? Refer to page 46 of the December 2013 issue and check out “How to do a Feng Shui Activation”.

Did you know...

Happiness can be found in the East 2 sector in 2016. The East 2 sector has very positive Qi in the month of February, March, July, October, November and December in the Monkey year. You can continue with activities such as family gatherings, chit chatting and connecting with your loved ones, working or studying at the East 2 sector. Just avoid renovations, groundbreaking, drilling and knocking on the wall.

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2016

To 'AVOID' means not to carry out important activities like renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and spend less time there.

太歲 Grand Duke

In 2016, the Grand Duke sets foot in the **Southwest 3** sector of your home or office.

You do not want to irritate the Grand Duke through renovation. The inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For business people it is can potentially lead to a loss of income and wealth.

五黃 Five Yellow

Five Yellow enters the **Northeast** sector in 2016. The star is a harbinger of bad influences. Avoid any major work, renovation, drilling or even moving furniture in this sector. The best remedy is actually having an open, vast and spacious area in the Northeast sector to

counter the negative Qi.

三煞 **Three Killings**

In general the Three Killings is located in the **South** sector this year. However to pinpoint the exact location, Three Killings is actually located at Southwest 1, South 2 and Southeast 3. This is because Three Killings comprises three inauspicious stars, namely the 歲煞 Annual Sha at **Southwest 1**, the 災煞 Calamity Sha at **South 2** and the 劫煞 Robbery Sha at **Southeast 3**. As its name implies, Robbery Sha brings robbery, injury and loss of money, Calamity Sha causes accidents, mishaps and illness whilst the Annual Sha creates obstacles and setbacks. Some have poetically categorised the misfortunes as loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace and quiet. It is important not to undertake any major renovations or groundbreaking here.

Out of these three Three Killings sectors, Robbery Sha at Southeast 3 is the most useable because the Fortune Virtue resides in this sector. Southeast 3 sector is especially beneficial to business with overseas clientele and connections.

歲破 **Year Breaker**

The Year Breaker is also known as the 'wrath of the Grand Duke'. It comes to the **Northeast 3** sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with loss of wealth. This sector suffers from a double whammy because the Five Yellow also resides in this sector.

Steer clear of this area. Do not do any renovations, groundbreaking, drilling, knocking and hammering on the wall, or even rearrange furniture in this sector.

Sickness Charm

Sickness Charm resides at the **Southwest 1** sector in 2016. As the name implies, it has a similar effect to that of the No. 2 Illness

star. Elderly people should avoid staying in the Southwest room because of the Sickness Charm and Grand Duke in this sector.

Annual Flying Star No. 2 - Illness Star

The No. 2 Illness star brings illness to the occupants of a house. It comes to the **centre** this year. Ensure that the centre of your home is spacious and clear of clutter. This will mitigate the effect of the Illness star. Doing this will also enhance the property investment luck of the occupants in the house.

Annual Flying Star No. 3 - Jade Star

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behavior in the occupants of the house. It is known as the 'Bull-Fight Star'. With the influence of this star, occupants are easily provoked into fighting. The star also brings about legal lawsuits, office politics and conflicts. It comes to the Northwest this year.

Steer clear of this area. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

However, positive features such as bright hall, healthy green mountains or meandering hills bring out the good influence of No. 3 Jade Star. Occupants will become successful by overcoming obstacles and standing up to challenges.

Annual Flying Star No. 7 - Red Star

Annual Flying Star No. 7, the Red Star is known as the 'Quarrelsome Star'. This star can cause problems such as assault, deceit, violence and robbery, high risk of burglary, deception, theft and back stabbing. This area is especially bad for writers, artist and students. It comes to the **North** sector this year.

If a bright hall or clear water resides in the North sector, the star is beneficial to those in the entertainment industry such as radio DJs, MCs, singers, actors and actresses.

Design a Better Life in the Year of the Fiery Monkey

Defining Success in 2016

The 2015 article, “Design Your Life in 2015,” addressed how a person defines personal success.

In this write-up we look into what the environment offers in terms of success and how it relates to you. Below is the natal chart for 2016.

There are two prominent elements making an appearance in this natal chart (refer page 44):

1. Fire element – Bing (Yang Fire) and

Ding (Yin Fire)

The Fire element, Bing (Yang Fire), falls into the Year and Day Stems while the Ding (Yin Fire) resides in the Hour Stem. This Fire element represents people, connections, networks, partnerships and human resources. It takes centre stage in the natal chart, and this mean that we should take note that people-related matters will be important.

Work or businesses that deal with a lot with people such as job recruitment, entertainment, multi-level marketing, customer service, public relations and

civil service related to foreign affairs, have higher chances of success in terms of fame and wealth.

2. Metal element - Geng Metal (Yang Metal)
The Metal element, Geng (Yang Metal), falls into the Month Stem. This Metal element represents wealth for the year. This indicates that while money is easily available, everyone is fighting for a share of the pie. It creates a scarcity mindset.

The Yin and Yang of Success, Satisfaction and Happiness

In 2016, success, happiness and satisfaction will not be easily achieved as the flow from Yin to Yang is disrupted by the missing element of Water. In 2016, Unhappiness will occur due to the missing element and the unbalanced energies of external yin and yang.

In 2016, Yang energy takes a prominent role. People see having great wealth and good connections as the ingredients of success. Both of these elements, Metal and Fire, are Yang element. This means that people tend to see the big picture while details and meticulous work are ignored. This often leads to the downfall of many grand schemes.

To achieve happiness and fulfillment, Water element is needed to smooth the path. To balance the natal chart and achieve success in 2016, a Yin action must be taken. Yin action relates to the softer approach, being meticulous and detail oriented. When you research and learn something in the form of academic studies or from life experiences, you are bringing the Yin energy into your life. Approach relationships, partnerships and joint-ventures using the Yin approach. Seek a soft approach to create win-win situations that will counter the aggressive, win-at-all-costs nature of the natal chart.

Designing your Life

There are two energy components that people need to address each year. One is the external dynamic energy which is represented by the Annual Pillar while the other is an individuals' internal energy which can be read from his or her Bazi Chart.

In 2016, the Year branch consists of Yang Fire (Bing) sitting on Yang Metal (Geng). This indicates that the external environment is in a Yang state. Whatever you are expecting, the result is going to be a surprise. Things will move faster than usual. You will hardly have time to think things through. Most people will react with fear instead of taking calmly deliberated actions in this fast-paced and challenging environment.

To synchronize with the aggressive energy of the environment, you have to swim with the tide by being active in bigger ways. You need a strong foundation and a well-thought-out plan to ride with these volatile energies, and yet be able to make changes quickly to adapt to the changes happening around you. Those who have no structured plan should opt to flow with the changes by riding on other people's fortune. To be happy or to strive for fulfillment, there must be energy coming out from you or energy going into you. To smooth-out the impact or slow down the energy of the Fiery Monkey year, you can come up with activities, ideas

and contribution to others.

For an individual, the Year Pillar of the Bazi chart represents the connection to the external environment. The interaction of the year's energy with the Year Pillar of an individual's chart will influence the person's feelings, perception and outlook for the year.

Is there a way to break away from these influences? Yes, because there is always Man Luck. So, rather than passively allowing the energies of the year to sweep you away, here's what you can do to take fate or luck into your own hands for a happier 2016.

First identify the elements on the Year Pillar of your Bazi chart. Then look at the actions you should take in the section below.

Actions Based on Elements on the Heavenly Stem

1. Wood (Your Year Stem is producing the element of the Annual Stem): Volunteer, be helpful and charitable to others.
2. Fire (Your Year Stem is the same element as the Annual Stem): Say in touch and connect with people.
3. Earth (the Annual Stem is producing the element of your Year Stem): Teach and lead people.
4. Metal (the Annual Stem is controlling the element of your Year Stem): Follow the rules, maintain self-discipline and stay organized.
5. Water (Your Year Stem is controlling the element of the Annual Stem): Manage yourself, the environment or people.

Actions Based on Elements on the Earthly Branch

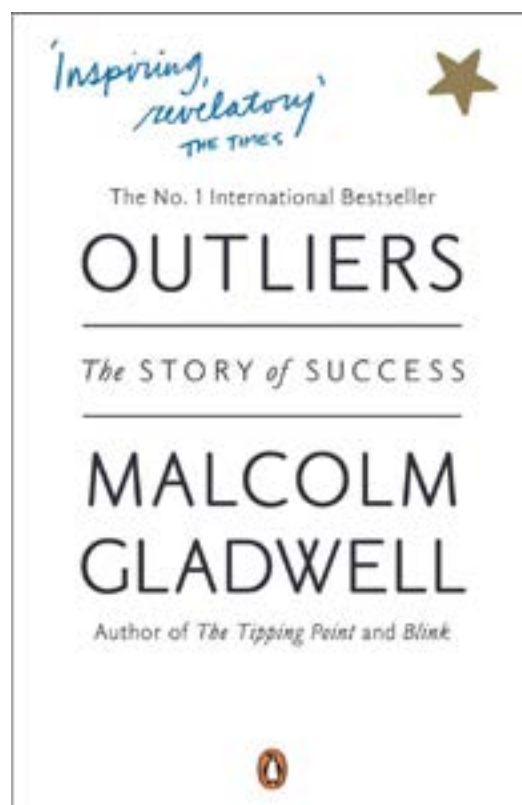

Similarly you can apply this in terms of your Year Branch vs the Annual Branch. This adds another layer of activities that you can do to make 2016 better. The Monkey Year is a Metal element;

1. Wood (your Year Branch, Rabbit or Tiger,

is controlled by the Annual Branch): Get organized and co-ordinated.

2. Fire (your Year Branch, Snake or Horse, is controlling the Annual Branch): Manage yourself, the environment or people.
3. Earth (your Year Branch, Ox, Dragon, Goat and Dog, is producing the element of the Annual Branch): Volunteer, be helpful and charitable to others.
4. Metal (the Annual Branch is the same element of your Year Branch, Monkey or Rooster): Say in touch and connect with people.
5. Water (the Annual Branch is producing the element of the Year Branch, Pig and Rat): Teach and lead people.

Apply the activities most relevant to you in all areas of your life - business, personal goals, hobbies, relationships. And if you want to be even more pro-active, apply all five activities in your life!

WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2016?

As you can see, the natal chart contains a missing element in 2016. The Water element is hidden, not making its presence felt. As such, it represents an all rounded environment filled with opportunities. How will you benefit from these opportunities financially?

Each of these Five Elements has a function every year:

- ✚ Metal element represents wealth for the Fire Monkey. Wealth is equivalent to cash-flow.
- ✚ Earth element represents profits or losses.
- ✚ Fire element represents sales.
- ✚ Wood element represents assets.
- ✚ Water element represents will power for the year.

The Fire and Metal elements are prominent in the year 2016. Hence, we know that

people who have these two elements in their Bazi chart (refer page 44) are able to tap into the influence of 2016 easily.

Metal element represents wealth

When a Metal element is prominent in your Bazi chart, this indicates that you have plenty of cash in 2016. It may not come from your earnings because you may not have the Wood element and the Earth element. Sales of your assets, products and services are unlikely to generate a lot of income. The cash is brought by your savings or windfall money. For business people, it is the cash from your previous year's profits. For employees, it is an increment or bonus given by your bosses. In the environment where real profit cannot be seen or is lacking, businessmen should be cautious. Even if your Bazi chart has a prominent Wood element, indicating that you should hunt for assets for resale, it does not necessarily mean that you will make a profit. This is especially true for business

people who have weak Water element in their Bazi chart. For employees, improve your skills and knowledge. This is your best asset, and this is a good year to upgrade your skills, pursue further studies or training. For individuals in general, you can consider a long-term investment to accumulate more assets for resale after 2016. It is a year where people are going to hold on to their assets and cash.

The 2016 natal chart represents an environment where illegal businesses can get away with money laundering activities. There will be more people trying to avoid paying more taxes or declaring lower profits. More companies are looking for tax exemptions.

Earth element represents profits or losses

Earth element represents profits or losses. When Metal and Earth elements are prominent in your Bazi chart, you are going to do well in 2016. Those who have only the Earth element in their Bazi chart are likely to face cash-flow issues or even losses in

2016. For business people your sales are on credit and your customers haven't paid you yet. For employees, your companies will likely freeze all promotion, increment and bonuses as they prepare for a negative year ahead. Where business is concerned, you should set up a proper structure to collect debts owed by your customers or reduce the time frame of credit facilities to improve your cash flow. As an employee, you should become a role model and help your company reduce costs.

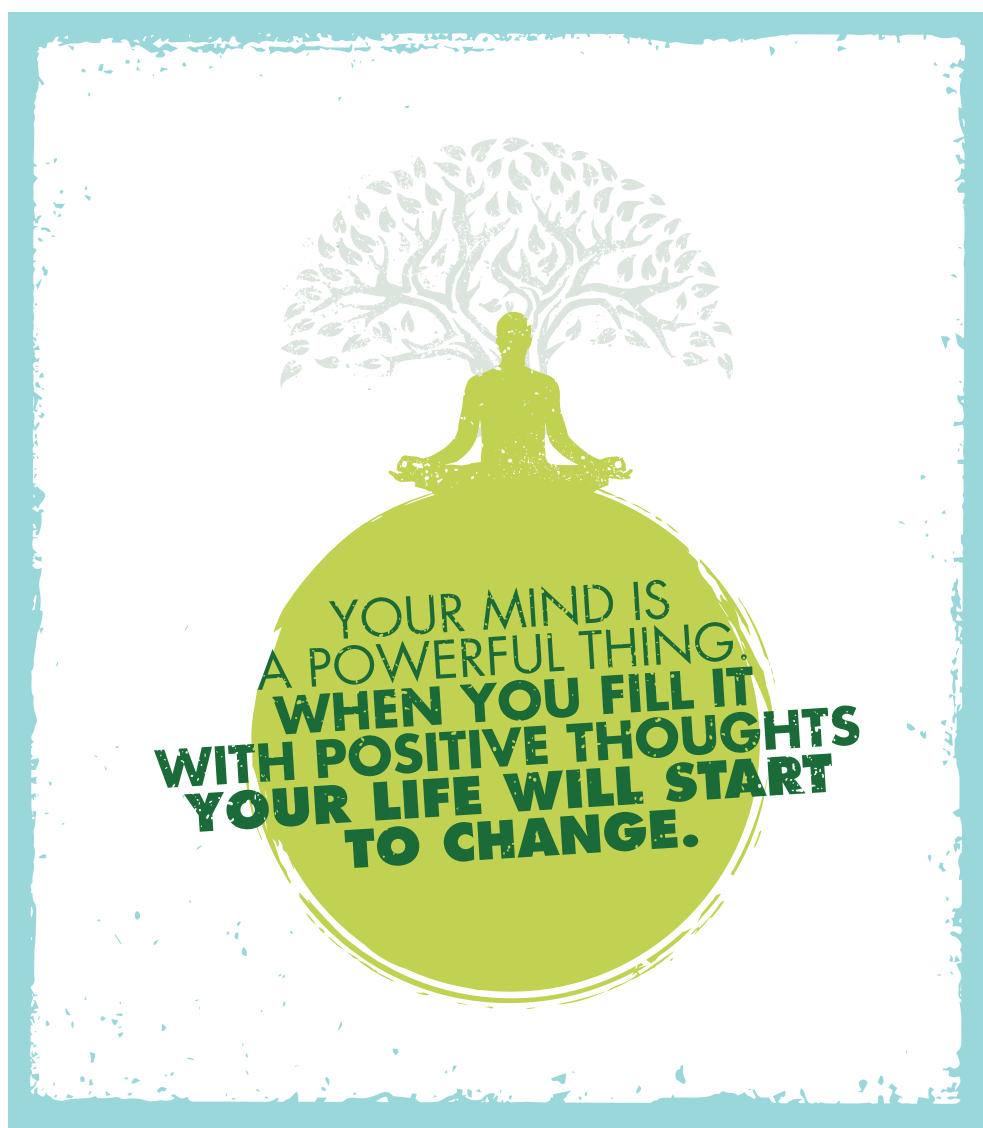

Fire element represents sales

Sales come from the Fire element in 2016. With a prominent Fire element in your Bazi chart, you can be good at sales. However, sales in 2016 will hardly turn into profit and cash unless your Bazi chart also features the Earth element. You can use the technique in the article, 'Design a Better Life with Fiery Monkey.'

Wood element represents assets

If you have the Wood element on your Year Stem, good presentation of your products and services can bring you more sales. The

best way to increase your sales is actually through word of mouth by friends, family and acquaintances when a Fire element is found on the Year Stem. When you have the Earth element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials to help sales. When you have the Metal element on the Year Stem, maintain a good reputation. Your good name is important to help you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When Water element is found in the Year Stem, sales come to you easily but you have to be persistent.

If you are lacking the Wood element in 2016, you may not have any assets to sell, or your assets are stuck or you have overstocked. You can help others to sell their products and services as this will create opportunities to tie-in your products. This may reduce your profit, but you will also earn a commission to offset the loss.

Wood element represents assets in 2016. As a business owner, you need to find people to help you sell or dispose off this asset so that you can cash-in. When you have a Fire element in your Bazi chart, this process is easier. If you are an employee, your time and knowledge are your assets. You must make full use of your time and knowledge, especially if the Metal or Fire element in your Bazi chart are weak or if either one are missing.

Water element represents will power
Water element is present but not prominent in 2016. It represents will power. Thus, for

business people, it is the ability to execute so that at the end of the day you can turn your sales into profits and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where Water element is prominent or strong in your Bazi chart, you will find yourself working harder in 2016. Look at this positively! The Water element is the only element to make things work in 2016. It is like having the power to execute effectively. This is especially good for those who have the Rabbit, Snake and Rat signs in their Bazi chart. This is because each of these sign has the auspicious Authority Star with them - the Grand Duke Combination is in the Snake, the General star is in the Rat and the Emperor and Dragon Virtue stars are in the Rabbit. Use the information in 'Design a Better Life with the Fiery Monkey Year' to help you identify which areas you should focus your energy on to see good results.

The 2016 Bazi Chart (refer page 44) shows a Peach Blossom star appearing at the Hour Pillar, with the Sky Horse at the Year and Month Pillars, followed by a Graveyard at the Day Pillar. Outwardly, these combinations are the ingredients for people falling in love-at-first-sight and love stories that put romance novels to shame. However, much as couples enjoy the outward trappings of romance, what they really yearn for is a stable and secure relationship.

Can these external forces and internal desires be balanced with a happily-ever-after? Let's find out.

Romantically-inclined Day Masters

The year's romantic energy smiles on the Water guys. Ren Water Day Masters have many opportunities to meet an articulate and romantic damsel or an outspoken, happy-go-lucky heroine. A metrosexual guy will be in demand this year. Think of David

Beckham who is described as "the biggest metrosexual in Britain." He is well-groomed, macho and gentlemanly. He is an out-going and fun sportsman but also has a loving and caring spouse and partner. Expect the unexpected love and enjoy the journey. This lovey-dovey energy may not sit well with Gui Water bros, who although caring and nurturing, do not like to be tied down.

Members of the opposite sex will also be attracted to the heroic Geng Metal and glamorous Xin Metal ladies. The theme of this year's romance is to find the balance in the relationship while having fun. Drop your guard and put away your seriousness. Just enjoy the fun of courtship. The courtship is where you get to know each other before deciding to pursue anything more serious.

Besides male Water Day Masters and female Metal Day Masters, Wood ladies and Fire guys will have their fair share of chances too. However, they will need to be brave and boldly pursue their love interests.

Heavenly support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have Tiger, Snake, Goat and Rooster in your chart, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of zodiac signs, Tiger, Snake, Goat or Rooster appears on the Year Branch then you should socialize more! Go out, travel and be adventurous to make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 六合 Harmony Deity by using the 法奇門 Fa Qi Men technique. On 16 January 2016 after 05:30, take some quiet time to sit facing North 2. Calmly, in your mind ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has Pig in his or her chart.

THE TEN HEAVENLY STEMS ON YOUR PALM

Are you fascinated by the people who can calculate the Bazi elements from the palm? Just by moving their fingers along the palm, the fortune tellers are able to discern the interaction of the Ten Heavenly Stems and Twelve Earthly Branches of your Bazi chart.

You too will be able to read the palm like a Bazi chart if you know what to look out for. There are two types of Heavenly Stems placement on your palm. Both show the clashes and combination of the Heavenly Stems. Imagine the Heavenly Stems as shown in Palm 1. It shows all the Heavenly Stems of 甲乙丙丁戊己庚辛壬癸 arranged on the first and third phalanges of the fingers. Starting with 甲 on the third phalange of the index finger, the Heavenly Stems are arranged in an anti-clock wise direction towards the pinky finger. As an example of how to read this palm, in Palm 1 the 甲 on the third phalange of the index finger combines with the 己 on of first phalange and clashes with 庚 on the second phalange on the pinky.

In Palm 2, the Heavenly Stems of 甲乙丙丁戊 and 己庚辛壬癸 are placed clock-wise starting from the first and third phalanges of the thumb to the pinky finger. The 甲 on the thumb on the first phalange combines with the 己 on the third phalange. 甲 clashes with 庚 on the third phalange on the index finger. The combination of the Heavenly Stems form a third element in the second phalange as shown. The diagrammes of the palms below act like a cheat sheet. You can commit either one (Palm 1 or Palm 2) of the cheat sheets below to your memory.

When is possibility of serious relationship rises.
Thank you.

Date of Birth: 25 June 1981

Time of Birth: 06:30

Gender: Female

Just Ask

Inessa, you are not going through relationship luck in your current luck cycle. But you may take a liking to someone who has an influence on your finances.

Advice: To improve your romantic chances in 2016, activate the West 2 sector. Keep a lookout for good dates in our Good Dates planner to do the activation.

The June event for one question and one answer is already over. We will have new events coming up for the Chinese New Year with similar offers so stay tuned to the BaziChic Group.

Advice: To maximize your smart money, it really depends on your skills and talent in creating multiple sources of income. You need to put in time and effort to become the expert in that skill. There is no fast money or short-cut in this case. You already cut a source of your potential income with your action when you gave up your training as a realtor. You will further interrupt the honing of your skills when you hop from one job to another. You are entering a new luck cycle soon. You will find that you will not be satisfied whatever your work. So stick to one field to ride over the tough cycle. Working in real estate is good. Stick to that job and don't change. Being a real estate realtor is good. Be professional, generous and give good service even if you have demanding and unreasonable customers. While you are working as a realtor learn about investments. Invest with your skill and do not speculate. If you put in effort, you will come out of this luck cycle financially better off.

Question

Angie

Just to specify, this is not my question:
Before, in your Facebook post for the tarot reading, you mentioned that the second half of this year I would have smart wealth not dumb wealth. Do you mean second half as in all the way until Chinese New Year 2016 or just 1/1/16?

My question: I want to know how can I maximize my profits. How can I meet my fullest potential in money making? I want to meet my fullest potential. Right now I am a dancer. Business is not going well in my state. I can travel or I can change to a different job. Different job being: maybe become a realtor. I have my license but I never finished my training. I think I will do better traveling.. My plan was to start doing real estate next year or at least get out of dancing next year.

But anyways, I am not making enough to cover my bills. Help :(

Another thing is, I never used my june bazichic one question, one answer. Can I still use it?
